OUTSIDE

Please take the time to visit the outside attractions. Many of our supporters like to show their models working and the large area is given over to displays of Traction Engines, full size farm IC stationary Engines, the Boating Pond. Many of the Traction Engines will be giving free rides around the Car Park during the Exhibition.

There will also be two full size organs and of course the Gas Turbine Association displays.

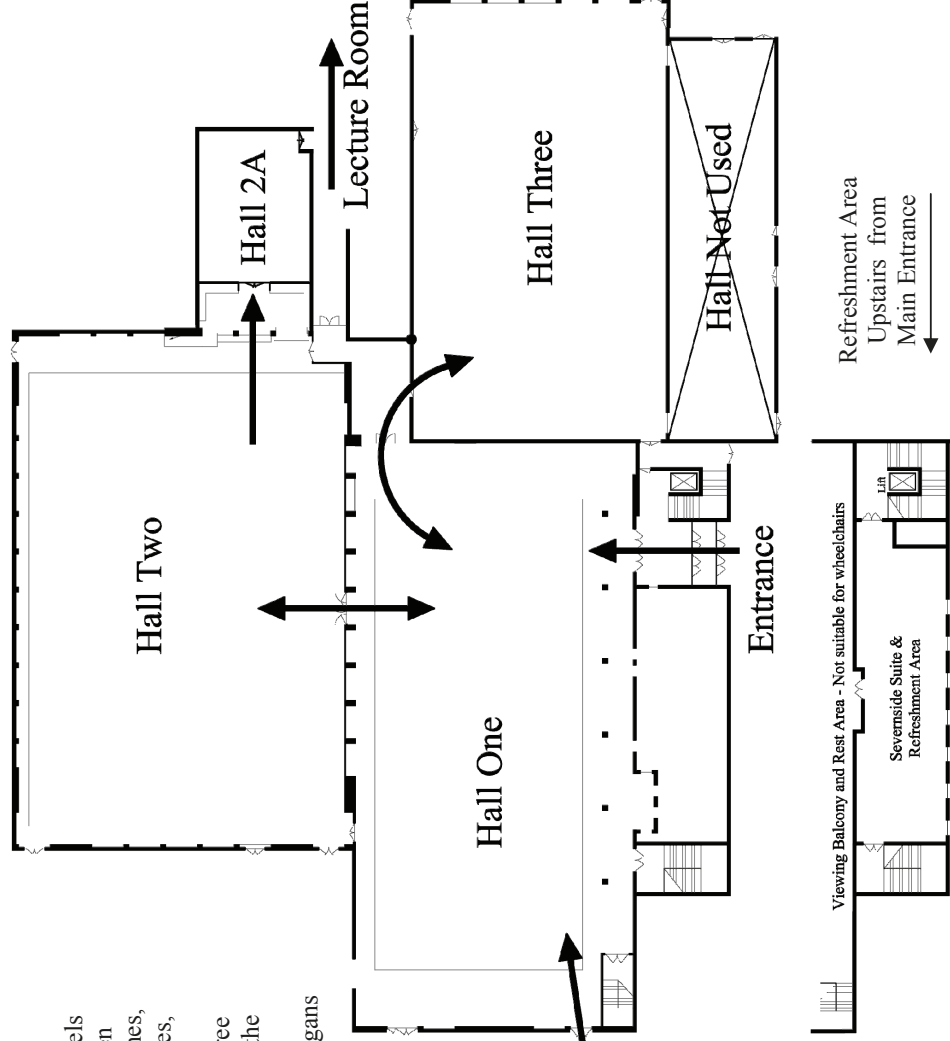

Outside Displays

Stationary Engine Enthusiasts
Organs, Gas Turbines.
